Hapla Gel Skin Protection System

All-Gel Products: Pre-formed shapes made from 100% polymer gel.

Hapla-gel All-Gel Digital Tube: Polymer gel tube, open at both ends. 8cm long. Cut to size as required.

CHG268A Small - 1.5cm diameter Pack of 6
CHG270A Medium/Large - 2cm diameter Pack of 6

Hapla-gel All-Gel Digital Cap: Tube, closed at one end. 5.5cm long. May be cut to size if required.

CHG274A Small - 1.5cm diameter Pack of 6
CHG276A Medium/Large - 2cm diameter Pack of 6

Hapla-gel All-Gel Toe Prop: Polymer gel toe support raises and realigns the toes to prevent painful rubbing and the formation of corns. Relieves the discomfort of hammer toes. Loop keeps prop firmly in place.

CHG280A One size; universal fitting

Hapla-gel Bunion Protector: Relieves pressure on painful bunions. Slim design fits easily into the shoe.

CHG195 One size Pack of 6

Hapla-gel Toe Separator: For light protection between the toes. Pack of 12

CHG155A Small
CHG156A Medium
CHG157A Large

Hapla-gel Toe Spreader: Protects and realigns the toes. Pack of 12

CHG144A Small
CHG145A Medium
CHG146A Large

Hapla-gel Dots: Relieve pressure and friction on the back of the heel.

CHG191 One size Pack of 12

Gel/Stockinette Combination Products: Polymer gel shapes on elasticated stockinette.

Hapla-gel Digital Pad: Elasticated stockinette tube, open at both ends, with a polymer gel pad. Relieves pressure points on toes. Pack of 12.

Tapes & Strappings

Chirofix: White first aid dressing/padding retention strapping with **Hapla** hypoallergenic adhesive. Air and moisture vapour permeable to minimise skin maceration, with transverse stretch to prevent creasing and allow freedom of movement. Highly conformable for shaping around toes, feet and joints. Roll length 10m.

CHI312	1.25cm wide	Box of 4 rolls
CHI314	2.5cm wide	Box of 2 rolls
CHI316	5.0cm wide	Box of 2 rolls
CHI317	10.0cm wide	Box of 1 roll
CHI307	10.0cm wide with back-slit	Box of 1 roll

Hapla-Band: Thin conformable flesh-coloured chiropodial strapping with **Hapla** hypoallergenic adhesive. Longitudinal stretch, ideal for bandaging and strapping where light compression is required. Roll length 10m stretched.

HAP211	1.25cm wide	Box of 4 rolls
HAP213	2.5cm wide	Box of 2 rolls
HAP215	5.0cm wide	Box of 2 rolls
HAP217	7.5cm wide	Box of 1 roll

Zopla Plaster cvt: White rigid tearable chiropodial strapping with zinc oxide adhesive. Roll length 10m.

ZOP512	2.5cm wide	Box of 1 roll
ZOP522	5.0cm wide	Box of 1 roll

Premium elastic muscle and joint support tape. Offers support and stability to muscles and joints without limiting the range of motion. The “wave” pattern in the adhesive lifts the skin, reducing pressure on the tissue beneath. Apply in strips to effectively cover problem areas. Blue or Black - 5m roll.

WAV010	Blue 5.0cm x 5.0m roll	Box of 1 roll
WAV020	Black 5.0cm x 5.0m roll	Box of 1 roll

Felts

Hapla GOLD ANTIBACTERIAL Wool Felt: Pure merino wool felt uniquely treated with a broad range antimicrobial to protect the material against bacteria and fungi. Tested to European Pharmacopoeia 5.1.3 efficiency of antimicrobial preservation. Ideal for use on the “at risk” foot. With hypoallergenic adhesive. Sheet size 22.5cm x 45cm.

FEL140	2mm	Bag of 4 sheets
FEL142	5mm	Bag of 4 sheets

Powerstep Orthotic Insoles

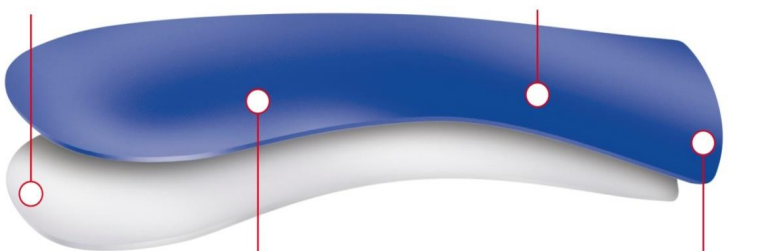

**Affordable orthotic laboratory technology straight from the pack
prescription-like arch support - stabilising heel cushion - double-layered cushion
insole - antibacterial fabric top cover
Relieve arch, knee, back and heel pain**

Based on extensive computer analysis of the average dimensions of thousands of pairs of feet, Powerstep is a unique support system whose development and design is founded in 35 years' experience of creating and prescribing customised orthotic devices. Powerstep stabilises and corrects alignment by reducing excessive pronation and realigning foot posture, helping relieve pain and prevent injury. Prescription-level support with calibrated flexibility for comfort and a stabilising heel cradle and fully covered from heel to toe with an antibacterial fabric: a highly attractive and professionally finished yet very affordable prefabricated orthotic podiatrists will be proud to prescribe.

Heel cradle to stabilise and protect the heel during landing

Special antibacterial fabric top cover to reduce friction, prevent slippage and combat perspiration

Strong, prescription-like shell that gives effective support, calibrated flexibility for comfort

Unique double-layered cushion casing from the heel to the ball of the foot

**Full range of orthotic insoles available.
Please contact us for further details.**

Clinisept+ Podiatry applies the latest antimicrobial hypochlorous technology to maintain optimal hygiene during any podiatry procedure.

It also soothes and calms the skin, reduces redness and provides ideal conditions for rapid skin recovery - without stinging or irritation.

It is non-sensitising and leaves no residue or chemical burden.

Foot Dressers and Files

Diamond Burrs: PBS Diamond Burrs are manufactured in the USA and undergo an exclusive bonding process which permanently bonds diamond to the burr surface, resulting in long product life and high performance. More efficient than steel or carbide instruments with greater patient acceptance because of their reduced heat generation.

Single Use Instruments

7829 Instrapac® Thwaites Nail Splitter 14cm, 20 per box

Single use Thwaites Nail Splitter with fine pointed tip for precise cutting. Features a sharp and flat jaw to split the nail and assist removal. Manufactured from medical grade surgical stainless steel.

Supplied in individual, easy to open, sterile packs.

7933 Instrapac® Nail Elevator, 50 per box

Single use Nail Elevator, suitable to lift the nail section from the nail bed. Manufactured from medical grade surgical stainless steel.

Supplied in individual, easy to open, sterile packs.

8016 Instrapac® Cantilever Nail Cutter 15.5cm, 20 per box

Single use Cantilever Nail Cutter. Suitable for cutting hard and thickened toenails. Cantilever action reduces force required to cut through tough, hard nails, to reduce fatigue for user fatigue. Manufactured from medical grade surgical stainless steel.

Supplied in individual, easy to open, sterile packs.

8049 Instrapac® Ingrowing Nail Cutter 12cm, 20 per box

Single use Ingrowing Toenail Cutter with fine pointed straight blade. It features a small cutting head for improved manoeuvrability. The cutter is 12cm long overall to ensure it is comfortable for the clinician to use and offer maximum dexterity during the procedure. Manufactured from medical grade surgical stainless steel.

Supplied in individual, easy to open, sterile packs.
